

ULTRA BROWN

WHEEL CLEANER & DEGREASER

Ultra Brown

A professional-grade, acid free wheel and tire cleaner formulated to dissolve brake dust, grease and road grime on contact. Designed to safely clean most wheel types including clear coated, factory painted and chrome wheels. Ultra Clean is an eco-friendly, non-acid, biodegradable tire and wheel cleaner that is safe for all reclaim systems. Ultra Brown is also a superior truck wash formulated to clean and brighten all types of vehicles.

Physical and Chemical Properties

• Information on basic physical and chemical properties

• **Appearance:**

Form: Liquid

Color: Brown

• **Odor:** Not determined.

• **Odor threshold:** Not determined.

• **pH-value at 20 °C (68 °F):** 13

• **Melting point/Melting range:** Not determined.

• **Boiling point/Boiling range:** >100 °C (>212 °F)

• **Flash point:** Not applicable.

• **Flammability (solid, gaseous):** Not applicable.

• **Auto-ignition temperature:** Not determined.

• **Decomposition temperature:** Not determined.

• **Danger of explosion:** Product does not present an explosion hazard.

Applications

- Wheel and whitewall cleaner
- Clear coat, factory painted and chrome wheels
- Truck and vehicle wash

Recommended Dilution Ratios

- Dilute Ultra Brown 4:1 with water. Apply directly on wet and cool rims and tires, wait 45 seconds then rinse off with water. No need for scrubbing.
- Truck wash: Dilute 10:1 with water

WARNING: Rims and tires must be wet and cool prior to applying Ultra Brown. Do not spray on anodized or uncoated polished aluminum wheels.
